Source of Raw Material:-

Quality of the products is the most important factor. The products made with above-mentioned machine are for higher quality and better valued garments. To match the highest level of quality, our machines are imported from Germany/China. All raw materials such as Paper, Ribon and Ink imported directly from Kuria, India & China to maintain the consistent quality even for betterment of the quality of products. We are introducing much more sophisticated and advanced technology.

Environment policy:-

We are OEKO-Tex Certified for our Sewing Thread, Printed Label products and devoted to produce without hampering the environment and considering to the health and safety of our employees. We accomplish this strictly by complying with the environmental laws and regulation of the governments of Bangladesh ensuring hygienic and safe working conditions. All the Ink, Ribon & papers are imported from Kuria, India & China accordance with compliance. We implemented our environment policy throughout the organization. We check the impact of environmental policy by internal audit.

Power system:-

We have sanctioned load of 350 KVA, We have one modern powers Generator (Volvo) to support production at the time of power failure.

Generator

Sub-Station

Effluent Treatment Plant (ETP)

Since it is regular disturbance that means load shedding happening in our country, for smooth production we've installed to generator description of which is are as follows:

Generator Based Personal Power Supply:

VOLVO Generator: Model TAD 734 GE

350 KVA, H/Z 50, Generator origin Germany
